Professional Experience

Consultant

2003 to Present

Results oriented leader with outstanding record of delivering complex functional and system integration projects on time and within budget. Proven project manager with ability to work closely with both business clients and technology personnel during the design, configuration, development, testing, training, go-live, and post production support stages. Innovative thinker who can translate ideas to action. Customer advocate recognized for commitment to usability.

FedEx Express

Memphis, TN

Senior Manager Global Financial Systems

1996-2003

Project Manager for implementation, upgrade and support of PeopleSoft Financials.

Managed \$33 million initial implementation of PeopleSoft. Subsequently managed upgrades to PeopleSoft application versions 7.03, 7.5 and 8.

Successfully implemented PeopleSoft Financials globally across Asia Pacific, Europe, Latin America, Canada and the United States.

Senior Manager Corporate Accounting

1989-1996

Directed the corporate accounting activities of the company including the areas of general accounting, internal controls, revenue and general ledger. Ensured compliance in regard to APB, FASB, and SEC pronouncements. Oversaw the development and implementation of accounting policies, procedures and internal controls.

Manager Corporate Accounting

1984-1989

Managed the corporate general ledger activities of the company including worldwide consolidations. Oversaw the development and implementation of accounting policies and procedures as they related to general ledger.

Manager Property Accounting

1981-1984

Organized, controlled and analyzed fixed asset accounting data for approximately 300 thousand records totaling in excess of \$1 billion. Coordinated software updates for various tax law changes.

Senior Cost Accountant

1980-1981

Monitored and controlled financial aspects of aircraft maintenance contracts. Performed on-site financial audits of subcontract vendors.
